Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

Fleet Containers is a leading provider of innovative solutions for shipping containers, and we are proud to offer shipping container solar panels to harness the power of renewable energy.

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a precedent for large-scale industrial and ...

The tender aims to support the construction of at least 3 gigawatt-hours of storage capacity. It represents a crucial step in modernizing Bulgaria's energy infrastructure and ...

Investors have until June 12 to apply for grants for energy storage investments in Bulgaria of EUR 273 million within two calls. The subsidies are for battery systems required to ...

Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The ...

storage is hindering Bulgaria in the development of an energy storage market. Furthermore, Bulgaria's energy legislation and grid codes have been historically written with thermal plants ...

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a ...

Bulgaria's renewable energy sector is booming, and energy storage panels have become a game-changer.
