Greensun Solar is well known as a world leading manufacturer of cost-effective, high efficiency and good quality photovoltaic panel, storage battery, and complete solar

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can ...

PKENERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Housed within a 20ft container, it includes key ...

Designed for solar power plants, this innovative solution combines advanced Lithium battery storage technology with a high-performance 500kW Hybrid Inverter. Featuring a modular and ...

Designed for solar power plants, this innovative solution combines advanced Lithium battery storage technology with a ...

It features a three-level battery management system that ensures robust protection against overcharging, over-discharging, and over-voltage. The modular design enables easy ...

Each container with all of the equipment will weigh less than 16 tons. Fully tested before being shipped. Factory will provide free installation support and after sales service. Production time ...

Each system is constructed in a environmentally controlled container including fire suppression. Each complete system offers users a hassle free 10+ year service life and hold internationally ...
