-----

High Energy Density & Scalability - 500KW power output with 1MWh capacity in a HITEKESS standardized 20ft ISO container, optimized for space efficiency and rapid deployment

This containerized energy solution combines power, protection, and portability in a compact, scalable format. It is pre-engineered for plug-and-play deployment, reducing installation time ...

NEXTG POWER's Containerized Energy Storage System is a complete, self-contained battery solution for a large-scale energy storage. The batteries and converters, transformer, controls, ...

20ft 2MWh Outdoor Liquid-Cooled Li-ion Battery Container: Advanced thermal management, weatherproof design. Ideal for renewables, grid support, and peak shaving. Maximize safety & ...

The Bluesun 20-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection systems. It also ...

NEXTG POWER's Containerized Energy Storage System is a complete, self-contained battery solution for a large-scale energy storage. The batteries ...

Convert containers into compact, mobile concession trailers or check-in stations for games and events. From athletic fields to public parks, shipping containers offer a rugged, portable, and ...

Intelligent integrated management, battery module plug and play, simple and reliable operation and maintenance. &#183; High energy density, high system conversion rate, to ensure the maximum ...

In need of mid-sized storage units? Our 20" storage containers for rent can be delivered on your scheduled
