-----

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Eaton xStorage is now available in a containerized version. This all-in-one, ready-to-use solution is the perfect choice for energy storage applications in commercial and industrial ...

Currently available to a small subset of users, Bing Search now incorporates AI-generated answers in addition to traditional search results directly on the search page.

Gotion High-tech showcased multiple energy storage products, with its newly released Qianyuan Smart Storage 20MWh battery energy storage system making its first ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

Microsoft is testing zoomable and sticky related searches in the Bing Search results page.

This new experience combines the foundation of Bing's search results with the power of large and small language models (LLMs and SLMs). It understands the search query, ...

On May 16, Chinese company Gotion held the 2025 Global Technology Conference, where it introduced the Grid20MWh BESS 20MWh energy storage system. It is ...

KonkaEnergy delivers advanced energy storage systems that maximize energy efficiency, reduce waste, and accelerate the shift to a sustainable energy future.

Microsoft announces that Bing generative search has now been expanded to cover more complex informational queries.

Now shrink them into a sleek container-sized system that can power 2,000 oil wells for 20 minutes. Welcome to the world of 20 MWh battery systems, where industrial-scale energy ...

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ...

In July, we introduced an early view of generative search in Bing, and today we're taking the next step as we continue to evolve our vision of the future of search.

Microsoft has announced updates to Bing's search infrastructure incorporating large language models (LLMs), small language models (SLMs), and new optimization techniques.

Today, Gotion officially launched a new 20MWh single-cabinet battery energy storage system on its official channels.
