-----

Developers of 82 standalone battery projects in Bulgaria, for an overall 9.71 GWh in capacity, got approval for EUR 587 million in subsidies.

Developers of 82 standalone battery projects in Bulgaria, for an overall 9.71 GWh in capacity, got approval for EUR 587 million in ...

Sigenergy has deployed a 10 MW/20 MWh battery energy storage system (BESS) at a solar site in Malko Tarnovo, Bulgaria, using 240 kWh battery stacks typically found in ...

Find Your Solar + Battery Storage Specialist Now! Welcome to Highjoule's Bulgaria page -- your trusted source for solar and energy storage solutions in Bulgaria.

Bulgarian microgrid solution and BESS specialist International Power Supply (IPS) has unveiled its EXERON X-BESS 8, a cutting-edge utility-scale BESS delivering a capacity of ...

In Bulgaria, the storage of solar energy in batteries is rapidly expanding, with private investors leading the initiative.

The deadline for submission of standalone battery storage project proposals was December 5, 2024. The Bulgarian Ministry of Energy announced on December 6 that it has ...

Environment-sensitive components, such as inverters, chargers, batteries, and more, can be securely installed inside the container, with Using a solar-powered shipping container office ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery
