We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, ...

Low wholesale prices on sealed gel, AGM, Li-ion solar batteries and other energy storage. Become an Authorized Solar Electric Supply Contractor or Dealer and grow your business in ...

The Solar PV Container is a containerized solar power solution has been designed with the aim of combining solar electricity production and mobility to provide this electricity everywhere ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...

A combination of several container modules is able to flexibly expand the solar power generation capacity, combining with battery systems, energy storage systems, etc., for ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

Mobil-Grid#174; 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Our solar module pallets and collapsible bulk bins are engineered for real jobsite conditions--reducing waste,
