What happened in Cairo telecommunications exchange?

Firefighters douse the flames after a fire broke out in the Telephones landline exchanging station and Ministry of Communications building in Cairo on July 7. A blaze in a Cairo central telecommunications exchange disrupted some mobile phone and internet services in Egypt and briefly delayed flights.

What makes Cairo Station engaging?

Cairo Station has an engaging narrative with a domestic focus and theme, but a series of clearly international influences. With a who's who of midcentury Egyptian acting and production talent (particularly Chahine's own frustrated, delusional Qinawi), the film deserves a watch.

What happened at a data centre in Cairo?

CAIRO, July 7 (Reuters) - Four workers were killed and at least 22 others were injured in a fire that broke out on Monday at a key data centre in Cairo, Hossam Abdel Ghaffar, the spokesperson at Egypt's Health Ministry, told Reuters on Tuesday.
