---

From Dubrovnik's historic walls to Plitvice Lakes' remote trails, Croatia increasingly adopts battery storage systems to complement renewable energy sources. Let's explore how this ...

The forthcoming battery storage facilities are intended to provide a buffer for electricity generated from renewable sources, allowing for more flexible energy management ...

Part of these funds will be used to expand the capacity of the liquefied natural gas terminal, and the rest of the money will go to the green transition, so around 500 million euros ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

The battery storage system provides energy balancing and maintains grid stability on the island of Vis. The system operates on Li-ion batteries which enable rapid response, both in the terms of ...

The forthcoming battery storage facilities are intended to provide a buffer for electricity generated from renewable sources, allowing ...

The project involves the construction of a sophisticated 60 MW battery energy storage system (BESS) combined with a virtual power plant (VPP) in Šibenik.

The Croatian Ministry of Environmental Protection and Green Transition has initiated a procedure to determine the need for an environmental impact assessment for the planned ...

The Croatian Ministry of Environmental Protection and Green Transition has initiated a procedure to determine the need for an ...

Why Croatia Is Becoming a Hub for Energy Storage Innovation When you think of renewable energy hotspots, Croatia might not be the first country that comes to mind. But here's the ...

From coastal resorts to Zagreb's urban rooftops, both households and businesses seek solutions to store excess solar power. Let's explore how modern battery systems are reshaping ...

BUHLE POWER specializes in energy storage systems, storage containers, battery cabinets, photovoltaic solutions, telecom solar systems, road system solar, and outdoor site energy ...
