The inverter units are produced for any KW from 3KW up to 250KW 380volts (in ranges) as standard units, and also in customized configuration within any kW range to match customer"s ...

The inverter types in the table are instantly delivered from our storage, and the other models are manufactured in a short time under the ISO9001:2008 quality management system.

Equipped with IP20 enclosure protection, the vfd inverter 3 phase has strong impact resistance and high safety performance. With RS485 communication, the PID controller of frequency ...

?Safe and Easy to Operate?220V single-phase input and three-phase output with multiple protection functions. The frequency inverter panel is detachable, easy to operate, digital ...

Produces smooth, grid-quality AC power compatible with all electronic and electrical devices. Safely powers sensitive devices such as laptops, TVs, ...

Produces smooth, grid-quality AC power compatible with all electronic and electrical devices. Safely powers sensitive devices such as laptops, TVs, fridges, medical equipment, and ...

SOFAR HYD series is designed for integrated energy storage in PV system. It combines solar and battery inverters, energy management, and system monitoring into one unit. Sofar"s hybrid ...

It also supports motor speed control and is compatible with various voltage (220V, 380V, 400V, 480V) and power phase configurations (Three Phase and Single Phase).

Compact inverter with choice of single- or three-phase models and a range of horsepower options. Industry"s
