GSL Energy specializes in offering comprehensive OEM/ODM services, ranging from battery cells and modules to complete energy storage systems (ESS), tailored for ...

Hicorenergy delivers battery storage OEM solutions, offering certified production, tailored ESS designs, and factory-backed scalability for global ...

Providing battery cell measurement and grouping, battery module welding and assembly, battery pack assembly testing, controller assembly testing, junction box assembly, and energy storage ...

We design and manufacturer each battery enclosure to meet the precise needs and requirements of YOUR project. Every Battery Enclosure is manufactured to spec, meeting size and weight ...

Hicorenergy delivers battery storage OEM solutions, offering certified production, tailored ESS designs, and factory-backed scalability for global projects.

We offer an extensive range of equipment with voltage levels up to 1500 VDC that are fully integrated with measuring and monitoring systems. Including these latest advancements as ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...

That's where energy storage equipment OEM manufacturers step in - they're the unsung heroes building systems that keep power flowing 24/7. From lithium-ion battery packs to modular grid ...

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage
