Flow battery startup Quino Energy has closed a \$10 million Series A funding round, with an option for an additional \$6 million in equity, led by Atri Energy Transition.

Discover 20 emerging flow battery startups to watch in 2025 & find out how their solutions will impact your business!

Quino Energy and Long Hill Energy Partners will build an 8 MWh organic flow battery for critical energy resilience.

The funding will support a proposed 8 MWh flow battery energy storage project at the High Desert Regional Health Center ...

Flow battery startup Quino Energy and developer Long Hill Energy Partners have been awarded US\$10 million in grant funding by the California Energy Commission (CEC) to ...

With solar and wind projects requiring reliable storage solutions, flow batteries offer unique advantages for long-duration energy storage (LDES). This article explores current financing ...

The funding will support a proposed 8 MWh flow battery energy storage project at the High Desert Regional Health Center (HDRHC) in Lancaster, CA.

Flow battery startup Quino Energy and developer Long Hill Energy Partners have been awarded US\$10 million in grant funding by ...

Flow battery startup Quino Energy has closed a \$10 million Series A funding round, with an option for an additional \$6 million in ...

Quino Energy and Long Hill Energy Partners have secured \$10 million in grant funding from the California Energy Committee (CEC) for their 8 MWh flow battery energy ...

No flow battery project has achieved true non-recourse financing yet, and that's the real bottleneck. We talk endlessly about "bankability," but lenders don't fund optimism, they fund ...

A trio of energy storage startups: XL Batteries, Unbound Potential and Fourth Power, have raised financing for emerging flow battery and thermal storage technologies.

Largo validates a flow battery leasing model for renewable energy storage. North American Clean Energy explores this innovative financing and deployment strategy for long ...

A trio of energy storage startups: XL Batteries, Unbound Potential and Fourth Power, have raised financing for emerging flow ...
