The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

MOJAVE, CA -- Mayor Karen Bass today announced the completion of the Eland Solar-plus-Storage Center project, one of the largest solar and battery energy storage projects ...

Available in 10ft, 20ft, and 40ft, these units offer flexible power options (208-230V, 460-480V) and stable temperature control for consistent ...

Available in 10ft, 20ft, and 40ft, these units offer flexible power options (208-230V, 460-480V) and stable temperature control for consistent performance. Blast freezers rapidly cool 1 ton of ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Convert shipping containers into mobile power stations equipped with generators or solar panels. These can be deployed to remote areas or disaster-stricken regions to provide temporary ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity
