What is the Guinea Conakry telecom operators country intelligence report?

Dublin, Dec. 04, 2025 (GLOBE NEWSWIRE) -- The "Guinea Conakry Telecom Operators Country Intelligence Report" report has been added to ResearchAndMarkets.com's offering. The report provides an executive-level overview of the telecommunications market in Guinea Conakry today, with detailed forecasts of key indicators up to 2029.

Which international operators entered Guinea's telecom market?

Guinea's telecom market is dominated by the international operators MTN and Orange. After the entry of these regional players, and helped by the bankruptcy and market exit of the incumbent telco Sotelgui, the number of mobile subscribers grew strongly.

Who are the major mobile operators in Guinea?

The major mobile operators in Guinea are Orange Guinea and others. Orange Guinea is part of the Orange Group, a French multinational telecommunications company, and is one of the leading mobile operators in Guinea.

What services have seen growth in Guinea's telecommunications sector?

Guinea's telecommunications sector has seen growth in mobile data services, and operators have been working to meet the growing connectivity needs of the population. The presence of multiple operators provides consumers with choices and options for mobile communication, which has led to better services and pricing.
