Who is OEM switchgear?

In addition we are distributors and original equipment manufacturers utilizing switchgear components from many of the world's most popular brands. Our OEM switchgear is designed and manufactured to provide years of safe, trouble free service and meet or exceed all applicable ANSI, IEEE and NEMA standards.

What is a custom manufactured switchgear?

Our custom manufactured switchgear solutions are designed to meet companies' specific power distribution equipment needs, and we are known as the preferred choice among custom switchgear manufacturers. We offer a wide range of stainless-steel, metal-enclosed, and metal-clad switchgear, as well as switchboards ranging from 208V to 38kV.

Who is a switchgear distributor?

Distributor of switchgear for government institutions, hospitals and health care facilities, manufacturing plants, universities, municipalities, retail stores and residences. Battery testing and charging, field service troubleshooting, diagnostics, repair and preventative maintenance services are also provided.

What does a switchgear manufacturer do?

Manufacture, design, fabrication, and installation of low or medium voltage and arc-resistant switchgears. Features vary depending upon model, including arc mitigation, cloud-based monitoring, reinforced enclosures, cycloaliphatic epoxy insulation, copper-chrome contacts, and venting systems.
