How long does a base station battery last?

When a sensor on your system is triggered, it sends a signal to the Base Station, which sounds the loud, 100 dB siren and notifies you immediately. If the Base Station is unplugged or the power goes out, the backup battery keeps you covered for up to 24 hours.

What happens if the base station is unplugged?

If the Base Station is unplugged or the power goes out, the backup battery keeps you covered for up to 24 hours. With a monitoring plan, the Base Station will alert the SimpliSafe®; monitoring center who will request emergency dispatch if there's trouble.

What happens if a base station has a monitoring plan?

With a monitoring plan, the Base Station will alert the SimpliSafe®; monitoring center who will request emergency dispatch if there's trouble. *When subscribed to a professional monitoring plan
