How do I set up a Wyze base station?

In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info &gt; Wi-Fi Network. Follow the on-screen steps to finish the setup. Now that your Wyze Base Station is all set up, it's time to add your Wyze Cam Outdoor. Move on to the next article, Wyze Cam Outdoor Setup Guide.

How do I set up a base station?

Set up the base station using either the tripod or T-bar mounting method. You must use an external radio antenna kit for the internal 450 MHz or 900 MHz radio. To avoid interference between the 900 MHz radio and GPRS transmissions, do not mount the external radio antenna within 1 m (3.3 ft) of the GSM antenna.

How do I install a base station CB system?

Base Station CB systems are not complicated to install, but there are a few things you should know. So, let's get into it. First, you need a radio system that works off of AC power. Most CB radios are designed for vehicles that are powered by DC 12-volt power systems.
