Where do Huawei solar products come from?

From our headquarters in Austria, we supply the entire market with innovative Huawei solar products - including Albania, Austria, Bosnia, Bulgaria, Croatia, Cyprus, Greece, Ireland, Kosovo, North Macedonia, Moldova, Montenegro, Romania, Serbia, Slovenia and the United Kingdom.

Who is Ske - a reliable partner for Huawei fusion solar solutions?

We are here for you! SKE is represented in 16 European countries and has regional offices to ensure first-class support and personalised advice directly on site. Thanks to a strong network and a pan-European presence, we are your reliable partner for Huawei FusionSolar solutions.

Is solar a good option for Serbia?

A statement published on the Serbian government's website says solar is the most optimal solution to quickly reach large capacities from green sources, without burdening and endangering the stability of the transmission network. Serbia currently gets more than 60% of its electricity from fossil fuels.

An estimated total of EUR30 million will be invested in the factory over three years, providing 180 jobs for local people. The value of the PV plant is approximately EUR280 million.

The government of Serbia has signed a memorandum of understanding (MOU) with Chinese firm Hunan Rich Photovoltaic Science and Technology to build a 1GW solar ...
