The Kenya solar photovoltaic industrial energy storage project demonstrates how smart energy infrastructure can drive both environmental sustainability and economic competitiveness.

Our portfolio encompasses the full range of enabling technologies including renewable power generation, automation, grid stabilization, grid connection, energy storage and intelligent ...

Commissioning of one of Kenya's largest C& I PV plants to date is a sign of continued momentum in the sector, and adds to significant wind capacity already installed at ...

We offer customized solar power systems, solar water heaters, solar pumps, and water purification systems for homes and businesses across all Kenyan counties. Powering a ...

Equator Energy Ltd, a commercial and industrial (C& I) solar company installer in South Africa, has successfully commissioned a 10 ...

Quick Take: Kenya's Mombasa Cement turns to solar, commissioning a 10 MW plant that slashes costs and emissions while setting a model for East Africa's industries.

This compact 8ft foldable PV container combines 18kW solar generation and 20kWh storage, offering a versatile and transportable solar energy solution. It's ideal for rapid deployment in ...

Located near Kamburu Dam in Embu County, approximately 150 km northeast of Nairobi, the Seven Forks solar-plus-storage project will not only inject clean energy into the ...

sector, and adds to ...

Equator Energy Ltd, a commercial and industrial (C& I) solar company installer in South Africa, has successfully commissioned a 10-MW photovoltaic (PV) park for cement ...

Both our container system and container expansions are often utilised in camping and glamping sites, construction sites, remote industrial units and anywhere that requires self-sufficient ...

With a 10-MW landmark now live at one of Kenya's industrial heavyweights, Equator Energy has shown how standardized engineering and credible O& M create bankable ...

Our portfolio encompasses the full range of enabling technologies including renewable power generation, automation, grid stabilization, grid ...

Both our container system and container expansions are often utilised in camping and glamping sites, construction sites, remote industrial units ...
