Jamaica is set to build its largest solar park, an ambitious project that initially targets 92 MW of capacity and combines solar energy generation with integrated energy storage.

Wigton Energy and SunTerra Energy Jamaica have won bids to develop large-scale solar projects in Jamaica following a 100 MW ...

A new chapter begins in Jamaica's renewable energy story as InterEnergy Group finalizes its acquisition of the Paradise Park solar facility in Westmoreland -- the island's ...

Developers Wigton Energy and SunTerra Energy Jamaica are each set to build, own and operate large-scale solar projects in ...

With a generation capacity of 51 megawatts peak (MWp), the facility has been operational since 2019 and delivers over 80 gigawatt ...

Developers Wigton Energy and SunTerra Energy Jamaica are each set to build, own and operate large-scale solar projects in Jamaica after successfully bidding in a 100 MW ...

Operational since 2019, Paradise Park is Jamaica's largest solar facility, with a capacity of 51 MWp, delivering the island's most cost ...

Jamaica is embracing solar energy as a reliable and sustainable alternative to fossil fuels. Amidst power ...

With a generation capacity of 51 megawatts peak (MWp), the facility has been operational since 2019 and delivers over 80 gigawatt-hours (GWh) of clean electricity annually ...

Jamaica is embracing solar energy as a reliable and sustainable alternative to fossil fuels. Amidst power outages and rising electricity costs, communities are turning to the ...

Operational since 2019, Paradise Park is Jamaica's largest solar facility, with a capacity of 51 MWp, delivering the island's most cost-effective energy.

Wigton Energy and SunTerra Energy Jamaica have won bids to develop large-scale solar projects in Jamaica following a 100 MW renewables tender held in 2023. Wigton Energy ...

More than 20,000 Jamaican homes are expected to be powered by clean, affordable, renewable energy to be generated from the US\$61 million solar electricity plant, being built in Content ...

Located in Westmoreland, the 51 MWp facility is Jamaica's largest photovoltaic (PV) plant, operational since 2019. It generates over ...

Located in Westmoreland, the 51 MWp facility is Jamaica's largest photovoltaic (PV) plant, operational since 2019. It generates over 80 GWh of clean electricity annually and ...

A new chapter begins in Jamaica's renewable energy story as InterEnergy Group finalizes its acquisition of the Paradise Park solar ...
