Nepal has only two storage projects named Kulekhani I (60 MW) & Kulekhani II (32 MW) due to which we are forced to import electricity from India ...

Nepal has only two storage projects named Kulekhani I (60 MW) & Kulekhani II (32 MW) due to which we are forced to import electricity from India during the dry season to meet domestic ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Nepal's mountainous terrain provides ideal conditions for off-river PHES projects that can effectively complement variable solar ...

Two large storage projects under discussion in Nepal are the 1,200 MW Budhi Gandaki Storage Hydropower Project with capacity of ...

The Nepal Electricity Authority is prioritizing the construction of pumped storage hydropower projects to address fluctuations in electricity demand at different times of the day ...

Nepal's mountainous terrain provides ideal conditions for off-river PHES projects that can effectively complement variable solar generation. According to the PHES Atlas, Nepal ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery ...

The Nepal Electricity Authority (NEA) has accelerated the development of pumped storage hydropower projects (PSHP), highlighting their low electricity production cost and ...

Take Nepal's first solar-storage PPA signed last week - a 25-year deal guaranteeing 14% IRR through monsoon/winter price arbitrage. As Asian Development Bank's energy lead Priya ...

Two large storage projects under discussion in Nepal are the 1,200 MW Budhi Gandaki Storage Hydropower Project with capacity of generating 3,383 GWh of energy ...

A feasibility study is currently underway for a 332 MW pumped storage project at Sharpu Lake in Rukum (West), with a survey license already obtained. Similarly, the 670 MW ...

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...

The NEA's Project Development Department has identified 156 potential pumped storage projects nationwide. Of these, 33 projects with a combined capacity of 42,000 MW ...
