Explore Magna's aluminum battery enclosures, leveraging our engineering and manufacturing expertise in complex aluminum assemblies.

Alpine Power Systems engineers and builds customized battery cabinets and enclosures for critical power applications, for utility, telecom, CATV, data center and other applications.

From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and ...

Fabricated Metals manufactures only heavy duty enclosures that provide the strength and durability using 12 GA steel and aluminum in our enclosures. Flexibility is also accounted for ...

Manufacturer of standard and custom battery cabinets made from aluminum. Features include battery module stacks, mountings, flanges, seams, hardware, doors and iron phosphate coating.

Store batteries with confidence. These robust and durable battery storage cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Cabinets are ...

Made from strong and weather-resistant aluminum, these battery enclosures help to provide a storage component to help protect your battery (ies) ...

Constellium's aluminum solutions combine strength, crash resistance, and thermal performance to protect and cool EV battery systems. We offer rolled and extruded-based products - including ...

Bison ProFab manufactures high quality aluminum electrical enclosures for a variety of industrial applications
