Hold onto your solar panels, folks! The Palikir Energy Storage Project settled this month, marking a turning point for island nations battling energy instability.

A 300MW solar-plus-storage twin project is set to be developed in North Both will have a 150MW solar PV generation capacity alongside a co-located 600MWh battery energy storage system ...

In Micronesia, Yap island seeks bids on a 79 kW solar plus storage minigrid system. A new hybrid minigrid that will provide clean, reliable and efficient ...

A tender is open in Micronesia for the engineering, procurement and construction of hybrid solar minigrid systems at three villages on the Fefen Islands.

Yap State Public Service Corp. is seeking bids to supply solar minigrids with battery energy storage systems (BESS), totaling 79 kW, for Yap Island in the Federated States of Micronesia....

Thousands of families in the Federated States of Micronesia (FSM) are set to benefit from a transformative investment in clean and resilient electricity infrastructure, ...

Thousands of families in the Federated States of Micronesia (FSM) are set to benefit from a transformative investment in clean and ...

The Federated States of Micronesia are investing in solar micro-grids and battery energy storage systems as well as capacity building to increase self-sufficiency and reduce ...

The Federated States of Micronesia are investing in solar micro-grids and battery energy storage systems as well as capacity ...

New grid-connected solar generation and battery storage systems in Chuuk and Pohnpei will help FSM meet its goal of 70 percent renewable electricity by 2030, while cutting ...

In Micronesia, Yap island seeks bids on a 79 kW solar plus storage minigrid system. A new hybrid minigrid that will provide clean, reliable and efficient energy supply to residents of Tonga was ...

In addition, the policy establishes the following guiding principles for energy development in the Federated States of Micronesia: (1) the spread of benefits to disadvantaged communities, (2) ...
