A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind ...

The continued growth of solar power and the development of storage capabilities will play a decisive role in securing North Macedonia's energy independence and promoting a ...

By adding solar power generation to the reservoir, the plant provides a reliable source of energy even during periods of low water levels, creating a powerful hybrid system. ...

For North Macedonia, it is a transformative leap toward a cleaner, more resilient power system. For YESS Power, it is the beginning of a new chapter -- a bold step into the ...

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid ...

As the largest solar-plus-storage project in North Macedonia and one of the first in the region, it is poised to play a key role in supporting the country's energy transition and ...

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, ...

Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North Macedonia, combining a solar power plant and a battery energy ...

Luxembourg-based Zen Energy Group has started the installation of a hybrid energy project in North

Macedonia, combining a ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski. ...

In this project, Pomega's lithium battery cells, battery management system, and advanced energy storage solutions will be utilized. This will allow solar energy to be efficiently used not only ...

Turkish renewables company Fortis Energy has contracted Pomega Energy Storage Technologies to install a 62-MW/104-MWh battery at the site of a 80-MWp solar park it ...
