-----

Oman's climate presents significant opportunities for solar and wind energy production, which the sultanate is harnessing to decarbonise industrial practices and develop new value chains.

The goal is to answer some questions for selecting a suitable solar electrification system. We offer customized stand-by power systems and renewable energy solutions as key offerings and how ...

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar ...

We are pleased to announce the successful deployment of a SolarContainer in Oman, where it is now supplying clean and autonomous energy for a mobile Oil & Gas site.

The folding container house rises to this challenge, offering an unparalleled combination of earthquake resistance, lightning-fast installation, versatility, and cost ...

Located outside the Strait of Hormuz, Oman offers a safer and more politically neutral route for oil exports. It's direct access to Asia, Africa and Europe makes it ideal for transshipment and ...

The mega project dwarfs all previous solar EOR installations and is more than 33 times larger than the pilot project built by GlassPoint for PDO in 2012. The pilot was completed safely, on ...

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Located outside the Strait of Hormuz, Oman offers a safer and more politically neutral route for oil exports.

It's direct access to Asia, Africa and ...

Earthquake-resistant container stacking is a critical aspect of modern logistics and warehouse management, especially in regions prone to seismic activity. By implementing advanced ...

In 2018, Petroleum Development Oman and GlassPoint Solar launched the first phase of the unique Miraah CSP project, which combines ...

In 2018, Petroleum Development Oman and GlassPoint Solar launched the first phase of the unique Miraah CSP project, which combines technologies to concentrate solar energy and ...

The mega project dwarfs all previous solar EOR installations and is more than 33 times larger than the pilot project built by GlassPoint for PDO in ...

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...
