Our customer base is divided into several market sectors in solar home systems for rural electrification, solar hot water, water pumping, industrial ...

Opportunities exist for power generation, transmission equipment, energy storage solutions, energy efficiency solutions, and off-grid solar systems and appliances.

I.M.B (Cambodia) Group Plc. is based in Phnom Penh Cambodia. We are a professional supplier of advanced solar energy system, lithium battery, ...

[Phnom Penh, Cambodia, June 11, 2025] Huawei Digital Power, in collaboration with SchneiTec, has successfully commissioned Cambodia's first-ever T&#220;V S&#220;D-certified grid ...

New modular designs enable capacity expansion through simple battery additions at just \$600/kWh for incremental storage. These innovations have improved ROI significantly, with ...

Peak shaving can be accomplished by either switching off equipment or by utilizing energy storage such as on-site battery storage systems. The objective of peak shaving is to eliminate ...

As a leader in renewable energy solutions, we specialize in photovoltaic energy storage systems tailored for Southeast Asia's unique conditions. Our services span residential, commercial, and ...

Cambodia's solar capacity grew 300% since 2022, but without storage, that energy often went to waste. The Phnom Penh station acts as a grid shock absorber, smoothing out the duck curve ...
