---

The Mini Digital Power System offers programmable DC power supply with modular design, ultra-low ripple, wireless control, and real-time waveform ...

FNIRSI DPS-150 portable laboratory 150W DC power supply has Type-C input interface and multiple power supply modes, equipped with multiple safety protection functions such as ...

New upgrade: FNIRSI DPS-150 DC power supply supports PC, QC and DC input modes. This switching power supply is equipped with a PC programmable output function, 6 ...

Discover top programmable power supply options tailored to every need--from lab precision to industrial high-power demands. Learn ...

High-Performance Output: 30V, 5A, 150W variable DC power with 0.01V, 0.001A precision, CC/CV modes, and <20mV ripple to protect sensitive electronics. Upgraded Features: ...

Find the perfect programmable power supply for automated testing and precision control. Get accurate, repeatable power for R& D, production, ...

The Mini Digital Power System offers programmable DC power supply with modular design, ultra-low ripple, wireless control, and real-time waveform display. Purchase this product and earn ...

Discover top programmable power supply options tailored to every need--from lab precision to industrial high-power demands. Learn key features, selection tips, and how to pick ...

The FNIRSI-DP150 is a high-performance adjustable DC power supply launched by our company. It features a Type-C input interface and multiple power supply modes, allowing precise ...

Find the perfect programmable power supply for automated testing and precision control. Get accurate, repeatable power for R& D, production, and validation. Explore Tektronix solutions ...

?COMPREHENSIVE CONTROL? The DPS100 Programmable Regulated Power Supply offers adjustable voltage from 0V to 30V and current from 0A to 5A, ...

?COMPREHENSIVE CONTROL? The DPS100 Programmable Regulated Power Supply offers adjustable voltage from 0V to 30V and current from 0A to 5A, providing precise control for ...

Compact power supplies are becoming increasingly popular among electronics enthusiasts, makers, and professionals. These devices provide stable, adjustable power ...

FNIRSI DPS-150 portable laboratory 150W DC power supply has Type-C input interface and multiple power supply modes, ...

Available in power densities of 200W, 400W, 600W, and 800W per unit, this versatile power supply system offers a wide input voltage range of 85-265VAC with built-in PFC (Power Factor ...
