Another milestone showcasing our expertise in off-grid, remote energy systems, with renewable production and long duration energy storage! First in Africa: NGK Insulators" sodium-sulfur ...

Release by Scatec, a subsidiary of the Norwegian renewables company Scatec ASA, has completed construction of a 36 ...

With Chad aiming to increase its renewable capacity by 40% by 2030, this 250MW storage facility could become the region's blueprint for balancing solar volatility.

The container ESS Chad project undertaken by NPP New Energy successfully completed the factory commissioning and arrived in ...

Another milestone showcasing our expertise in off-grid, remote energy systems, with renewable production and long duration energy storage! ...

The President of Chad and the Minister of Energy made a special visit from the capital to witness my presence 2 times, and I am thrilled. They toured the solar panels, ...

Supported by RelyEZ Energy Storage, the Chad solar energy storage project features a 2MW photovoltaic power generation system, a 500kW diesel ...

Supported by RelyEZ Energy Storage, the Chad solar energy storage project features a 2MW photovoltaic power generation system, a 500kW diesel generator, and a 6.4MWh lithium ...

Statistics & Insights: The facility will supply clean power to around 274,000 homes annually and cut 1.36 million tonnes of CO₂ emissions over its lifetime. With storage capacity, ...

This article breaks down the operational necessity and financial logic behind integrating a dedicated solar-plus-storage system to ensure your factory remains productive, ...

The system consists of 20 5kWh wall-mounted lithium iron phosphate batteries, ensuring efficient and stable power storage and supply, and meeting the local demand for a reliable power ...

Release by Scatec, a subsidiary of the Norwegian renewables company Scatec ASA, has completed construction of a 36 MW solar PV plant integrated with a 20 MWh battery ...

In Chad, we successfully installed a 100kWh energy storage system for a local customer. The system consists of 20 5kWh wall-mounted lithium iron phosphate batteries, ...

The container ESS Chad project undertaken by NPP New Energy successfully completed the factory commissioning and arrived in Chad for installation and deployment.
