Do 40ft flat rack shipping containers have a roof?

With no sides and roof, you can easily load from the top or sides. All our 40ft flat rack shipping containers for sale are quality-tested. Without a metallic roof and wall to worry about, you can load cargo wider or taller than the actual dimensions of the container. Buy 40ft flat rack containers for large equipment, trucks, and machines.

How much does a 40ft flat rack container cost?

This would depend on the quality and if you are looking for a used or brand-new container. Expect to pay a few thousand dollars, but it would be better to request a quote directly from a supplier like Pelican Containers. We have both new and used 40ft flat rack containers for sale, and we deliver to most states in the USA.

What is a 40ft open top container?

Pelican Containers offers 40ft open top containers for sale. They are designed to exceed international standards for logistics and transport. The large dimensions are more than enough to fit full-length industrial steel beams and construction materials. It is also strong enough to support large and crane-loaded heavy machinery.

What is a 40 ft shipping container?

A 40-foot shipping container is a multi-purpose and practical choice for numerous applications. They offer ample storage room, with over 2,350 cubic feet for standard containers and up to 2,700 cubic feet for high cube containers. These containers are also durable and element-resistant, built to protect your belongings from the elements.

Our large selection of used collapsible flat rack 40-ft containers are engineered for specialized storage challenges. Request a free quote!

Besides the 40-foot Flat Rack containers, we lease and sell the 20ft Flat Rack containers and the Open Top
