-----

Hayleys Solar, the number one solar provider in Sri Lanka, has partnered with global renewable energy leader BYD to introduce state-of-the-art energy storage and inverter ...

We are Volfpack Energy, a Sri Lanka-based company driving the future of sustainable energy storage. Our team of innovators designs advanced supercapacitors that charge faster and ...

BESS technology holds great promise for the electrical energy sector in Sri Lanka, enabling enhanced grid stability, heightened reliability, greater utilization of renewable energy sources, ...

Power Net Energy (Private) Limited is a key player in the energy solutions sector in Sri Lanka, specializing in advanced electrical products. Their ...

As Sri Lanka's energy demands evolve, hybrid renewable systems combining solar, wind, and battery storage are becoming the new normal. ISL is proud to be part of this ...

Power Net Energy (Private) Limited is a key player in the energy solutions sector in Sri Lanka, specializing in advanced electrical products. Their focus on high-quality and innovative ...

SgurrEnergy has secured a contract to lead Sri Lanka's first 100 MW solar photovoltaic (PV) project integrated with a 12 MWh battery energy storage system (BESS). ...

The overall project aims to enhance the reliability and optimise the existing fault clearance system of transmission and distribution (T& D) networks of Sri Lanka's two grid ...
