Will German-Turkish companies build a new power station south of Tripoli?

The General Electricity Company (GECOL) announced, Friday, that work is underway to establish a new power station south of Tripoli by German-Turkish companies. The National Oil Corporation (NOC) denied in a statement on Sunday reports about the failure to supply power stations with the required quantities of fuel and gas, stress

Where are the spare parts & filters for Tripoli power stations?

Spare parts and filters for the Ruwais and South Tripoli power stations have arrived at Tripoli seaport on Thursday. The General Electricity Company has announced the launch of a project to produce electricity at the Zawiya Dual Power Plant, without use of fuel.

What happened at the Sarir & West Tripoli power stations?

The General Electricity Company's warehouses received shipments of spare parts designated for the Sarir and West Tripoli power stations. The Ministry of Interior reported the shutdown of a factory in Wadi Al-Rabee used for smelting stolen copper and aluminium electrical wires.

Will Hyundai resume work on West Tripoli steam power station?

The General Electricity Company (GECOL) has urged the Korean Hyundai to resume its work on the West Tripoli Steam Power Station, intended to produce 1,400 megawatts. Hakomitna platform has announced the arrival of a shipment loaded with 25 packages supplied by an American company at the General Electricity Company's warehouses to comp

But what if I told you this project could be the secret sauce to stabilizing Libya's power grid while saving millions in fossil fuel costs? Now we're talking business.
