In this study, Wärtsilä presents and compares two potential power system expansion scenarios for Mozambique. Scenarios have been modelled through the PLEXOS software, a world-leading ...

South32's Mozal aluminium smelter in Mozambique faces critical uncertainty about its future operations due to ongoing power ...

South32's Mozal aluminium smelter in Mozambique faces critical uncertainty about its future operations due to ongoing power supply challenges.

Summary: Mozambique's growing mining industry increasingly relies on robust uninterruptible power supply (UPS) systems to maintain productivity. This article explores market demands, ...

Mozambique's growing demand for uninterruptible power supply (UPS) solutions reflects its urgent need to stabilize energy access for industries, urban centers, and rural communities.

Recently, SCU successfully provided a 2MWh energy storage container system and a 1500kVA uninterruptible power supply (UPS) solution for a gemstone mine in ...

Mozambique's Balama Graphite Mine, operated by Australia-based Syrah Resources, is set to redefine sustainable mining with a new hybrid power system. The project, ...

In regions like Beira, Mozambique, where power reliability directly impacts public safety and economic growth, uninterruptible power supply (UPS) systems paired with advanced ...

Recently, SCU successfully provided a 2MWh energy storage container system and a 1500kVA
