What is a warranty on a solar photovoltaic system?

When deciding on a solar photovoltaic system, there are a variety of guarantees and warranties. The two that are most commonly referenced are the Production Guarantee and Performance Guarantee. These are easy to confuse, especially since they are often misused interchangeably.

How long does PV warranty insurance last?

Check out in 140 seconds how you will benefit from our PV Warranty Insurance for up to 30 years. Our PV Warranty Insurance is straightforward and effective: manufacturers protect their ability to pay excessive warranty claims on modules for a period of 25 years (up to 30 years for glass-glass modules).

Does Munich Re offer PV warranty insurance?

Thank you for your message. Your message has been sent to our PV Warranty insurance team. All manufacturers of PV modules seeking cover have to go through Munich Re's thorough due diligence process. For the first time, we detail the criteria used in Munich Re's quality assessment and how manufacturers have performed so far in terms of insurability.

Why is PV panel procurement so important?

PV panel procurement becomes increasingly challenging and uncertain- that's why for investors and park owners it's crucial to have confidence that systems will operate safely, reliably and profitably for 30+ years in different climatic conditions around the world.

Unless otherwise agreed upon in the assignment of Warranty interest in Section 6 of this Warranty, Solarspace provides its customers with a limited warranty on the products.

To help mitigate this risk, certain insurance companies offer a specialized insurance product: warranty insurance for PV modules. This line of coverage provides a long ...
