Who is Switchgear systems Ltd?

Switchgear Systems Ltd specializes in manufacturing a wide range of electrical switchgear, offering products from 20A to 7000A for various industrial applications. Their offerings include isolators, switchfuses, changeover switches, and more, all customizable to meet specific requirements.

What is switchgear and control gear?

Switchgear is a collective term for electrical disconnect switches, circuit breakers and fuses that ensure that electrical equipment is controlled, isolated and protected. Generally speaking, low, medium and high voltage switchgear is employed in power distribution applications.

Who makes switchgear & control?

SSC design manufacture and install all equipment. Each control panel or switchgear panel is manufactured to a customer's individual requirements. We also test, maintain and repair all our own and third party equipment. Copyright © 2025 Select Switchgear & Control All Rights Reserved. Website & Photography by AEM Creative.
